

The Spokane Public School announces 2017 Summer Meals Program for children.

Hunger doesn't stop when school's not in session. But thanks to the Summer Meals Program, students who rely on school meals can continue receiving nutritious breakfasts and lunches through the summer.

The Summer Meals Program is a federally funded child nutrition program created to ensure that children in low-income areas can continue to receive nutritious meals during long school vacations. The meals are available to all children 18 years and younger. There is no registration or fee. Children may come all or any days they wish.

Parents are encouraged to come with their children, but are asked to bring their own meal.
