Complete details may be found in the Policies on file at your School or district office. Please keep this information as a reference.

Definitions

Accident means a sudden, unexpected and unintended incident. "**Covered Accident**" means an Accident that results in Injury or loss covered by the Policy. **Injury** means accidental bodily harm sustained by the Insured that results directly from an Accident (independently of all other causes) and occurs while coverage under the Policy is in force. The Injury must be caused solely through accidental means. All injuries sustained by one person in any one Accident, including all related conditions and recurrent symptoms of these injuries, are considered a single Injury. **Medically Necessary** or **Medical Necessity** means the services or supplies provided by a Hospital, Physician, or other provider that are required to identify or treat an Injury and that, as determined by Us, are: (1) consistent with the symptom or diagnosis and Treatment of Injury; (2) appropriate with regard to standards of good medical practice; (3) not solely for the convenience of the Insured; and (4) the most appropriate supply or level of service that can be safely provided. When applied to the care of an Inpatient, it further means that the Insured's medical symptoms or condition requires that the services cannot be safely provided as an Outpatient. **Sickness** means illness or disease contracted by and causing loss to the Insured Person whose Sickness is the basis of claim. Any complications or any condition arising out of a Sickness for which the Insured Person is being treated or has received Treatment will be considered as part of the original Sickness. All related conditions and recurrent symptoms of the same or similar condition will be considered one Sickness. Usual, Customary and Reasonable Charges - "**Usual**" means those charges made by a provider for services and supplies rendered to all patients for the same or similar Injury. "**Customary**" means those charges made by the majority of providers in the area for the same or similar services or supplies. "**Reasonable**" means those charges that do not exceed the majority of the prevailing fees in the area for the same or similar services or supplies. "**Area**" means a county or larger geographically significant area as determined by Us. "**School Activities**" means an event or activity that is sponsored, authorized, and supervised by the School and is an official part of the School's curriculum or program.

Excess Provision

In order to keep premiums as affordable as possible, these plans pay benefits on a non-duplicating basis. This means, if a person sustains a loss covered under these plans that is covered under any other valid and collectable insurance, any amount payable or provided by the other coverage will be subtracted from the covered expenses, and we will pay benefits based on the remaining amount

IMPORTANT NOTICE: This Plan provides short-term limited duration sickness benefits. It does not constitute comprehensive health insurance coverage (often referred to as "major medical coverage") and does not satisfy a person's individual obligation to secure the requirement of minimum essential coverage under the Affordable Care Act (ACA). For more information about the ACA, please refer to www.HealthCare.gov.
